Di questo materiale si deve tener conto in Beta Tools S.p.A. non devono essere usati in presenza di scintille o con apparecchiature che funzionano con scintille.
 L'utente può reagire con il pane dello strumento per formare un acido esplosivo.
 This spark proof tool cannot be used in contact with anything or with devices that function on sparks.
 Acetylene can react with the copper of the tool and form copper acetylide, a powerful and very dangerous explosive.
